### What's Happening at the School

Middle school math has been all about data the past few weeks! 8th graders were statisticians looking at the average number of 3-pointers scored in an NBA game per season and questioned why the data acted the way that it did. They found that over the years more and more 3-pointers have been scored but that from 1994-1996 they found the data way higher than the previous years, do you think you can guess why that was?? 7th graders have just started to learn about probability and how to find a good sample of a larger population (hint: random is always better). And the 6th graders will be making all kinds of graphs in a few weeks and analyzing how graphs can give us a snapshot of data without having to look at all the information.

### Thursday Morning Bible Study

Join Deacon Tim for an Adult Bible Study on Thursday mornings after 8:30 Mass in room 5. New faces are always welcome! Come when you can as we have designed this for maximum flexibility for people whose schedules vary. Bring your own Bible, but if you forget, we have some copies you can borrow. Come meet some new people, enjoy each other's company and dive deeper into God's Word.

### Catechism Corner

**In what way is the Blessed Virgin Mary the eschatological icon of the Church?**

Looking upon Mary, who is completely holy and already glorified in body and soul, the Church contemplates in her what she herself is called to be on earth and what she will be in the homeland of heaven.

### Stewardship Garden News

A BIG "thank you" to St. James Academy for choosing our stewardship garden as one of the sites for their school-wide Serve Day on Monday, April 11th. 20 students gathered at Holy Cross for 4 hours and cheerfully accomplished ALL of the following tasks: digging trenches and installing an irrigation system for our vegetable garden; weeding, amending, and planting all of our garden beds; painting new signage for the garden; burning through piles of collected wood and plant refuse; clearing countless drifts of leaves from the property; and spending time in adoration, offering up their prayers for our community and the communities we serve through the Catholic Charities food pantry. We are so grateful for the blessings of your service, St. James students!

**NOTICIAS  
ESCOLARES**

### Que está pasando en la Escuela

¡Las matemáticas de la escuela intermedia se han centrado en los datos en las últimas semanas! Los estudiantes de octavo grado eran estadísticos que miraban el número promedio de triples anotados en un juego de la NBA por temporada y cuestionaron por qué los datos actuaron de la manera en que lo hicieron. Descubrieron que a lo largo de los años se han anotado más y más triples, pero que entre 1994 y 1996 encontraron datos mucho más altos que en años anteriores, ¿crees que puedes adivinar por qué fue así? Los estudiantes de 7º grado acaban de comenzar a aprender sobre probabilidad y cómo encontrar una buena muestra de una población más grande (pista: el azar siempre es mejor). Y los alumnos de sexto grado harán todo tipo de gráficos en unas pocas semanas y analizarán cómo los gráficos pueden darnos una instantánea de los datos sin tener que mirar toda la información.
