THE PERFECT PRAYER has been given to us by Jesus. As we say it together in each mass - are you saying it by rote OR - have you listened to the CD "Understanding the Our Father" by Scott Hahn? Listening to him describe the 7 petitions of the prayer - 3 to God: 4 requests; hearing the lessons of forgiveness he describes as we request 'forgive us our trespasses AS we forgive other' -brings the prayer to life in a new way. Each time we pray it together as a community, there is deeper awareness of the grace this prayer imparts. Look for your copy of this CD, and other great lessons of our faith, on the CD stand in the narthex. Questions/ Call Brenda, 649-6442

A MESSAGE FROM Fr. Tom:

My Dear Parishioners, I am moving with Fr. Mark to Blessed Sacrament in Wyandotte County. I wish to thank you all for these last 6 years. I have enjoyed them very much and you have been a really good parish, people, community to celebrate with. In going to Wyandotte County I will be going back home. Many of you know that I was raised about a mile south of where Fr. Mark and I will be making our home. As you know, Fr. Mark needs someone to watch over him and direct his life. I accept that responsibility. I am very pleased that we will be able to continue to create our home together. In my aging years I also need someone to help me up when I fall. It has been a great 6 years being with you all.

Thank you, Father Tom Kearns...Thanks for celebrating my 50th with me. It was awesome.

Fr. Mark's last Holy Cross Connections Q and A:

Q. Some communion ministers touch children on the head after they purify their hands before Communion. Why do the purification when they do this?

A. *The fact is, neither the cleaning of the hands with sanitizer nor the blessing of the children by ministers is prescribed in the Roman missal.*

Q. Why during the month of May do we not have any Blessed Mother hymns sung on Sunday, since there are so many beautiful hymns?

A. *We try to match the songs to the scripture readings—certainly a hymn in honor of Mary is appropriate in May and on Marian feast days.*

Q: Would there ever be any consideration for our parish to have a Sunday evening Mass? There are a lot of Holy Cross families that attend Queen, Ascension and Holy Spirit masses on Sunday evenings.

A: *Yes, we certainly would consider that. Based on our attendance numbers, the implementation of a Sunday evening mass would probably mean reducing the morning masses from 3 to 2.*

Comment: There should be a Christ Renews His Parish for kids.

Response: *We do not know of any such program that has been developed.*

Comment: We would love to see slate or stone tile floors in the church. Also dark seats.

Response: *These items can be considered in a future refurbishment of the church.*

Comment: Report on Scrip's contribution to budget and also the recycled paper bin.

Response: *Scrip brought in \$16,000 this past year, and the recycled paper bin \$538..*

Comment: I'd love to see 3 or 4 front pews on Mary's side refurbished for handicap access.

Response: *I like this idea!*

Comment: Please put more lights in the parking lot. If that can't be done, at least increase the wattage.

Response: *The physical Plant Committee agrees and has preliminarily looked at doing so. Cost has been an issue, however.*

Comment: It is nice to see the Penitential Rite at Mass (Confetior). Can it be continued after Lent?

Response: *The presider can choose to say the confetior (I confess...) at any mass. He also may choose the sprinkling rite or the Litany of Praise (e.g. "Lord Jesus, you heal the contrite, Lord Have Mercy.)*

I think that brings me up to date. In the future, Fr. Bob Conroy will be replying to your inquiries. Thanks for asking and keep connected!

Week 13 of WHAT'S NEW FOR CHRIS: We at Holy Cross are following development of a child in womb from conception to birth over 9 months from Feast of the Annunciation to Christmas. God said, "Before I formed you in the womb, I knew you." We named this tiny new human being Chris. Chris's heart started beating 18 days after conception. Amniotic fluid cushions Chris throughout pregnancy. The umbilical cord forms like a lifeline for the baby in the "space" of the womb. **By Week 5** Chris was 10,000 times larger than the original fertilized egg, and developing rapidly. **By Week 6** Chris's brain waves could be detected and the brain began to control movement of muscles and organs. **By Week 7** Chris began to move, Chris's arms were bending and flexing, Chris's fingers were developing, and Chris started swimming and doing back flips. **By Week 8** Chris was a little under an inch long. Everything present would be found in a fully developed adult. **By Week 9** Chris's fingerprints were evident. Chris could feel pain, but who would want to hurt Chris? Chris was wriggling, shifting, dancing, and playing with fingers, toes, nose, ears! **By Week 10** the most critical part of Chris's development was complete and Chris entered into a period of rapid growth. Chris could squint and swallow, was over an inch long, and was moving quickly about the womb. **By Week 11** Chris was almost 2 inches long and could easily stand on daddy's little finger nail. Finger nails and hair were starting to grow. The placenta is now providing nutrition from the mother. **By Week 12** Chris slept, awakened, and exercised muscles energetically. Turning head, curling toes, making fist, opening & closing mouth while "breathing" amniotic fluid to help develop respiratory system, Chris was very active in the womb. **By Week 13** Chris had all 20 teeth buds, was almost 3 inches long, and weighed one ounce. Vocal cords began to form, and Chris will use them for that first cry after birth! **By Week 14** my taste buds were working! I drank sweet tasting amniotic fluid. My skin was very transparent and was very sensitive to pain except for my back and the top of my head. I weighed about one ounce. **By Week 15** I had my own unique fingerprints. My fingernails & toenails are growing, and I had an adult's taste buds. My eyebrows & hair on my head were sprouting, but will probably change color & texture after birth. I kicked, twisted, and flailed really hard. **HERE IN WEEK 16 I'm getting a little baby fat under my skin. My heart is pumping as much as 6 gallons a day at a rate about double my mom's. I can swim, kick, & do somersaults! I'm the same size as my placenta now. I weigh almost 6 oz., & am about 3" long. I will keep growing until I am about 23 years old.**

Next week will again bring something new for Chris.
